Dear Mr. Huie:

Thank you for your letter of March 31, and the confidential record sheet concerning the above Scouter. This information is very helpful to us in refusing registration at a later date.

Would it be possible for you to get me more information concerning the case in upstate New York? Is Mr. Breglio being tried in that section of the state? Any information of this type you can get us will be most important in strengthening our case for refusal of a later registration.

Let me know if I can be of any help to you in making certain that we have all the facts we need to eliminate his later participation in the Scouting program.

Sincerely,

Paul I. Ernst, Director  
Registration & Subscription Service

SUBJECT: Robert Breglio, former Explorer Advisor

It has come to my attention that this individual was involved in an incident that would make him unsuitable for leadership in the Boy Scouts of America.

On November 22, 1977, I received a memo from Theodore Accas (see attached copy), regarding Mr. Breglio. I called many of the active Staten Island Scouters who are involved with the Order of the Arrow, but no one was able to confirm his involvement in Scouting until the possibility of Exploring surfaced. In consultation with the Exploring Executive for Staten Island, we were able to identify the fact that Mr. Breglio is Explorer Advisor of Post 192, Staten Island.

On February 2, 1978, I visited the 122 Precinct of the New York City Police Department. I confirmed the fact that Mr. Breglio had on November 11, 1977 been picked up on a complaint involving second degree sodomy. When questioned by the police in Loudonville, New York, he admitted his participation and stated that he had taken part in similar incidents at home on Staten Island. Based on teletyped information, this was his first incident on record with the police. The officer I spoke to at the 122 Precinct was Detective Richard Dianora. I was finally able to contact Mr. Breglio by phone on March 2nd. He indicated to me that he had moved "up State" in New York and has no intention reregistering his post.

His registration has now expired, since his Explorer Post was due to re-register in November of 1977. Since he is moving, there is a chance that he may try to get involved in Scouting elsewhere in New York State. For this reason, I have attached the following material: A Confidential Record Sheet and a copy of the memo from Ted Accas to me. All information relative to this incident has been verified by me with Detective Dianora.

If there are any further questions related to this individual or this incident, please feel free to contact me.

Subject: ROBERT BREGLIO

On Friday, November 18th, I received a telephone call from a [REDACTED] (979-0709). He is a former police officer whose wife used to work for our Staten Island Office. He urged that I contact Detective [REDACTED] (979-4748) - available only after 4 p.m. Friday evening, I spoke at length with Detective [REDACTED] who advised me of the following:- They have been advised, by teletype, that a Robert Breglio, age 22, 192 Holden Boulevard, Staten Island, had been arrested on Friday, November 11, 1977 in upstate New York. He was charged with sodomy and other acts, and during the course of questioning, confessed to the above and stated that similar acts had taken place in Staten Island. This statement is according to Detective Dianora.

As near as I can ascertain, Breglio is active in the Order of the Arrow Lodge in Staten Island. We also found out confidentially that his father is a detective in the New York Police Department.

Based on the above, I suggest that you proceed -- after discussing with Don Sweeney -- with proper action as outlined in the most recent communication of the National Council on "Standards of Leadership -- Confidential File".

If I can be of any further assist, please advise. It is my guess that we will have the full cooperation of the Police Department in keeping the matter from the press.

I have alerted Steve Wells to the above matter since he is a resident of Staten Island and knows of Breglio.
